

Quality Payment Program (QPP) Resources

The Quality Payment Program is part of the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) and includes two tracks

- Advanced Alternative Payment Models (APMs) and the
- Merit-based Incentive Payment System (MIPS) - also referred to as the Medicare Interoperability Program

The Medicare Interoperability Program replaced three Medicare reporting programs:

- Medicare EHR Incentive Program (Meaningful Use) (the Medicaid MU program will continue through 2021 as a separate program)
- Physician Quality Reporting System (PQRS)
- Value-Based Payment Modifier

The Quality Payment Program listserv provides news and updates on:

- New resources and website updates
- Upcoming milestones and deadlines
- CMS trainings and webinars

More Information:

The Quality Payment Program Service Center can be reached at 1-866-288-8292 (TTY 1-877-715- 6222), available Monday through Friday, 8:00 AM-8:00 PM ET or via e-mail at QPP@cms.hhs.gov

[Quality Payment Program Website](#)

- Resources are available to help clinicians successfully participate in the Quality Payment Program.
- CMS encourages clinicians to visit the website to review the following new resources:
 - Quality Payment Program Resource Library - This website is a good place for in-depth information on the QPP reporting requirements.
- Go to this site to check your participation status requirements:
 - QPP Participation Status website- QPP Participation Status includes APM participation as well as MIPS participation.
- Individual or Group Participation website - If you are Merit-based Incentive Payment System (MIPS)-eligible, you can choose to participate as an individual, a group, or both.
